Inspiring more children, especially girls, to consider a career in tech.

tech we can

Free educational resources for use in the classroom or at home

- **Live lessons** (for children aged 5-15) 45 min live online lessons delivered by our teachers on hot tech topics such as Generative AI, Tech for Space, Tech for Transport etc.

- **'On demand'** recorded lessons (for children aged 8-14) Short videos covering different tech topics and including creative challenges for students.

- **Lesson packs** (for children aged 8-14) Each pack comes with written instructions and a short video tutorial so you can easily deliver each lesson on different tech topics.

- **Animated lessons** (for children aged 5+) Short animations aimed at educating and inspiring children from an early age about technology and the people who work in technology.

- **Role model videos** (for children aged 8-14 and young adults aged 15+) Featuring young women talking about their roles working in technology, how they came to work in tech and their advice for students.

Why do children need to know about technology and tech careers?

- Technology will continue to play a growing role in shaping the world around us, including the jobs of the future.
- There are many misconceptions about what a 'tech career' looks like - there are tech jobs out there to suit everyone.
- Working in technology can allow people to make a positive difference to wider society.
- We need a diverse range of children aspiring to design and create future technology to ensure it works for everyone.

How can Tech We Can help?

- Shows the breadth of tech careers that exist.
- Encourages all students, from an early age, to explore tech subjects and careers.
- Shows children the links between their current passions and a future career in technology.
- Highlights a diverse range of relatable role models working in tech.
- Can be used by teachers in school, or by parents and carers at home.
- Resources are provided in a variety of formats to suit teachers, parents and carers and depending on the level of technology available.

How do I access the materials?
Visit **techshecan.org** to access all our free learning materials.

Want to deliver Tech We Can lessons?
Become a Tech We Can Champion and you can deliver these materials in the classroom or virtually! Visit **'Champions'** on our website to find out more and register your interest.

Would you like a Champion to deliver a lesson for your students?
Contact us via our **website** if you'd like a champion to visit your school to deliver a Tech We Can lesson. **www.techshecan.org**
