

We're excited to let you know that you/your child may be eligible to take part in a series of workshops and activities designed to explore future careers in technology and operations, delivered in partnership with Barclays and Tech She Can.

These sessions are open to students who meet the following criteria:

- Identify as female, transgender, or non-binary
- Are currently in S5 (or moving into S5 this academic year)
- Have achieved a minimum of five National 5 passes at grades A–C, including Maths, English, and Science
- Are predicted to achieve BBBB or higher in their Highers, with Maths required and Science preferred but not essential
- Are interested in technology or unsure about their next steps
- Are open to exploring modern apprenticeships in the tech sector

## What's next?

We are delighted to share that Barclays is now offering Degree Apprenticeships in:

- Technology
- Operations

## About Tech She Can

We are a charity on a mission to inspire young people, especially girls, to pursue technology careers. We work with schools, parents and industry partners to ensure the next generation has the skills and confidence to thrive in a digital world.

## About Barclays

Barclays is a global employer offering secure, future-focused careers. Their apprenticeship programmes combine learning and earning, while providing outstanding benefits, wellbeing support and opportunities for career progression.

## Why a career in tech?

- Technology is one of the fastest growing sectors
- It offers excellent earning potential and stability
- Skills developed in tech — such as problem-solving, project management, and communication — are valuable across any career path

***The support I have received at Barclays has been incredible. My team are incredible and couldn't do enough for me – the opportunities are endless!***

– Apprentice Quote

***A Barclays apprenticeship is a no-brainer. You gain education and work experience at the same time, continuously learning and putting that knowledge into practice.***

**Attend our webinar series, to learn more about applying for a**  
**Degree Apprenticeship**

**Webinar: Discover Tech & Ops**  
**Apprenticeships at Barclays –hosted by Tech**  
**She Can**

To help your child take the next step, we are hosting a webinar on

**Date: 23<sup>rd</sup> September**

**Time: 5:00pm – 6:00pm.**

This session will cover:

- How the apprenticeship application process works
- Tips for applying
- The chance for you and your child to ask questions directly here

We encourage you to attend this together.

It's a fantastic way to understand how these opportunities can shape your child's future.
