

THE NATIONAL ROBOTARIUM

PEOPLE CENTRED :: INTELLIGENCE DRIVEN

We want **YOU** to enter the our school competition, with the opportunity to win a visit to your school from **The National Robotarium** and our Robots.

We need you to think of how **Robotics and AI** can solve a **real-life problem**. You are allowed to use the internet, speak with family and news articles. **You can choose** how you want to present your submission: as a presentation, a video, a poster, booklet, flyer etc.
